Course Description: This course is designed to help elementary teachers learn how to modify their content instruction so they can work more successfully with English language learners (ELLs) in regular classroom settings. Educators learn how to adapt instruction and materials to help ELL students understand academic content, develop academic and social language, and participate in classroom activities. This course meets the requirements for *Category Two of Sheltered English Immersion* professional development as needed for the Department of Elementary and Secondary Education's proposed ELL endorsement.

About the Instructors: **Kathy Lobo** currently works in the Belmont Public Schools as an ESL teacher. **Jody Klein** is the ELL Director in the Newton Public Schools. Kathy and Jody have presented *Enhancing English Language Learning* numerous times throughout the Greater Boston region. As current practitioners, they bring their recent experiences to the training to reflect how student populations are constantly changing.
