Course Description: Join us for a full-day experience at the Edward M. Kennedy Institute focused on Immigration Reform. The purpose of this workshop is to introduce participants to the excellent resources that are available at the Institute, to hear from scholars on the topic of Immigration Reform, and to participate in a Senate Immersion Module (SIM), an educational, role-playing experience, developed to engage new generations of Americans to the concept of participatory government.

The morning will feature a tour of the beautiful new building by Institute staff, and a presentation/discussion with a local scholar. Following lunch, participants will join in the SIM focused on Immigration Reform. The activity will be held in the Institute's full-scale representation of the United States Senate Chamber. Participants will take on roles of senators to study issues, debate, negotiate, and vote on legislation.
